Re: Petition of South Carolina Electric & Gas Company for an Order Authorizing the Withdrawal of Certain Funds from its Storm Damage Reserve Fund to Offset Those Costs Incurred in Connection with its Tree Trimming and Vegetation Management Programs for its Electric Transmission and Distribution Systems
Docket No. 2008-416-E

Dear Mr. Terreni:

This is to acknowledge that the Office of Regulatory Staff ("ORS") has reviewed the above referenced filing and has no objection to the proposed accounting order authorizing South Carolina Electric & Gas ("SCE&G" or "Company") to withdraw up to \$6.8 million from its Commission-approved Storm Damage Reserve Fund during calendar year 2010. The Company proposes to offset incremental expenses incurred in its efforts to accelerate its tree trimming and vegetation management programs for its electric transmission and distribution systems. This request will not change any retail rates or prices.

If the Commission is inclined to grant this request, ORS would recommend including a provision in the order requiring SCE&G to report the following information:

- Mid Year Reports: (Due August 15, 2010 and February 15, 2011)
 - Show progress through June 30, 2010 and December 31, 2010
 - Include the vegetation management plan
 - Identify those circuits SCE&G has cleared
 - Show cost per circuit, if possible
 - Include before and after pictures
 - Before and after data of outages, if available
- Meeting with ORS: (On or before December 31, 2010)
 - Provide updates and progress
